- 10** Has any Insurer declined a proposal, cancelled or refused to renew a policy or increased the premium or required special terms or conditions in respect of the risks of subsidence, heave and landslip proposed? Yes No
- 11** For buildings built after 1990
- a)** Did a consulting engineer report on the soil conditions prior to construction of the buildings or any extension to them? Yes No
- b)** Please attach a copy of this report
- c)** Were the foundations of the building constructed in accordance with the methods recommended in the report? Yes No

For all questions answered "Yes" please give full details (attach a further sheet if required)

Fair Processing Notice

For more information about how we use your data, you can find a copy of our full Fair Processing Notice at www.allianz.co.uk

Very Important – Fraudulent and Exaggerated claims

Deliberately exaggerated claims could invalidate your policy cover. Insurance fraud is a crime and liable to prosecution.

The above answers to our questions will be the basis of consideration of your claim. You must ensure that all information is **true and correct** to the best of your knowledge and belief, and that all material facts have been disclosed. A material fact is one that is likely to influence us in the assessment or acceptance of this claim, or one that is likely to influence our consideration of cover under the terms of your policy.

If you are in any doubt as to whether a fact is material, **you must disclose it.**

Failure to do this may mean that your policy becomes invalid and a claim payment will not be made.

I/We understand that you may seek information from other insurers to check the answers I/We have provided. This report is made in the bona fide belief that litigation may ensue and to enable solicitors and/or agents to advise and to conduct such litigation in relation thereto.
