# Electronic Equipment Insurance Policy

Many trades rely extensively on electronic equipment. With this reliance comes the need to protect against material damage and subsequent financial losses. Our Electronic Equipment policy is specifically designed to meet these needs for both owners and hirers of equipment.

**The following details give an overview of the policy:**

## What is the Policy Cover?

### Owned Equipment – Cover One

All Risks cover for electronic equipment owned by the Insured.

### Hired In Equipment – Cover Two

Cover for the Insured's legal liability in respect of:

- loss or damage to hired in electronic equipment
- continuing hire charges as a result of this loss or damage for up to £30,000 or 3 months.

### Data Media – Cover Three

All Risks cover for data carrying equipment including costs that are reasonably and necessarily incurred in recompiling software programs or data from other records and the repurchase of proprietary software where damage has been caused by corruption.

### Additional Expenditure – Cover Four

Additional expenditure reasonably incurred during the chosen period to avoid or reduce interference with the business following corruption, erasure or an Accident.

### What is covered under the policy?

The policy will respond where there has been:

- An Accident defined as:-
  - loss or damage that is insured under covers described above and is not specifically excluded elsewhere in the policy
  - loss or damage that is covered under a guarantee or a maintenance agreement
  - accidental failure of the telecommunications system caused by accidental physical damage to the system occurring within the Territorial Limits
  - failure or fluctuation of the electricity supply
  - denial of access
- corruption or erasure of data.

### Business Interruption – Cover Five

Financial loss incurred during the selected period following an Accident as defined under the first five bullet points of Cover Four above.

## What are the Territorial Limits?

### Covers One and Two

Great Britain, Northern Ireland, the Isle of Man and the Channel Islands.

### Cover Three

World-wide.

### Covers Four and Five

Follow the Territorial Limits within the relevant cover options above.

## Are there any Policy Conditions?

**Yes, under the main policy conditions, the Insured must:**

- back up data records and where possible store off site with duplicate copies
- maintain minimum physical security standards specific to proper securing devices for doors and windows
- keep up to date records of values at risk and provide to us annually by declaration.

In addition:

- payment for items such as tubes or intermediate image carriers will be adjusted to allow for the amount that the items have been used except where damage has been caused by specified external causes
- payment for obsolete items is limited to the cost of an up to date equivalent.

## What is the basis of Settlement?

### Owned Equipment – Cover One

- If there is a total loss we will replace with new equipment or with equipment of equal performance and/or capacity.
- If there is a partial loss we will pay for the cost of repair but this will not exceed the cost which would have been incurred had the item been totally lost.

### Hired In Equipment – Cover Two

We will pay for

- the Insured's legal liability for loss or damage
- continuing hire charges resulting from this loss or damage up to £30,000 or a period of 3 months.

### Data Media – Cover Three

We will pay for the cost incurred following corruption, erasure or distortion of software or data to:

- recompile software programs from other records and
- repurchase proprietary software
- employment of consultants to aid in data recovery.

### Additional Expenditure – Cover Four

During the indemnity period selected we will pay for the increased cost incurred to prevent or minimise interference with the business.

### Business Interruption – Cover Five

We will pay

- for the loss of Gross Profit during the selected indemnity period
- additional costs incurred to avoid the loss of Gross Profit up to the amount of Gross Profit saved.

**The above detail is a summary of the cover provided under our standard electronic equipment policy.**
