ABOUT US

Home & Legacy understands people with exceptional homes & lifestyles. From the high value home owner, to the prestige car driver; the property investor & the collector with a passion for fine art. People are unique & so are their insurance needs.

Whatever their specialty, our customers shouldn't have to spend time thinking about insurance. We make sense of complex, high value risks to give people individually-tailored cover, coupled with first class service.

We don't believe in 'one size fits all' insurance, so we work with a panel of leading insurers to underwrite our policies. This helps us to tailor cover for even bespoke & unusual risks & allows us to be price competitive.

When it comes to claims, the majority are settled by us within a day of receiving all documentation. And, our customers deal with the same experienced handler until settlement simply because that makes sense.

We know high value insurance inside out, because that's the only type of insurance we provide. We've learnt a lot along the way, which has shaped how we do business & made us the experts we are today.
